

51.2V Marine Lithium Battery System

Marine Battery System

FastCharge EKT is a front to end manufacture. From producing lithium cells, lithium modules, and lithium battery systems. FastCharge's EKT is a world-class facility and cutting-edge R&D centre who guarantees products are carefully developed manufactured and tested.

Technical Specifications

Technical Data	
Available Capacity	(1) 40AH x 420 x 365 x 207 x 29KG
Available Capacity	(2) 80AH 555 x 415 x 212 x 49KG
Available Capacity	(3) 150AH 500 x 540 x 277 85KG
Available Capacity	(4) 175AH 500 x 540 x 277 87KG
Protection Rate	IP67
Discharge Temperature	-10 -55
Parallel Connection	Max 16 in Parallel connection
Series Connection	Not support
Certification	CCS

EKT is a product line of EIKTO Tech. FastCharge Australia is the primary distributor of EKT Products in Australia, New Zealand and South Africa.
