

## EXH SF20 25.6V 300AH Lithium Battery For Low Lift Pallet Truck

FastCharge EKT lithium batteries are an excellent choice for Material Handling equipment such as, forklifts, AGV's, and warehouse equipment.

Specifically designed to perform in multi-shift and high intensity applications. Lithium batteries offer many advantages over traditional lead-acid battery technology.

### Technical Specifications

Technical data	
Rated Capacity	300Ah
Rated Voltage of Battery	25.6V
Rated Voltage of Truck	24V
Rated energy content	7680Wh
Cell chemistry	Lithium-Ion Phosphate
Cell temperature range	-20°C to 60°C
Working environment temperature	-20°C to 50°C
Charging environment temperature	0°C to 55°C
IP Rating	IP54
Weight	288kg
Dimension	620 x 274 x 620 mm
Charge Data	
Charge time with charger 24/100	175min
Opportunity charging with charger	50% of rated capacity after 80 min
Application	
Application case	Still EXH SF20

EKT is a product line of EIKTO Tech.  
FastCharge Australia is the primary distributor of EKT Products in Australia, New Zealand and South Africa.
