

FB30-9 76.8V 600AH Unicarriers Lithium Battery For Electric Forklift application

FastCharge EKT's Lithium Battery System is available in 24V, 36V, 48V, 72V and 80V options. The Unicarriers are optimised with the latest technology through extensive research and development, providing a longer lifetime, safe fast charging solution at a lower cost, making them the best choice for forklifts.

Technical Specifications

Technical Data	
Rated Capacity	12.8V 80AH
Rated voltage of battery	LFP/Prismatic
Rated voltage of truck	288x196x224(187)
Rated energy content	12
Cell chemistry	>3000
Working environment temperature	-20°C to 60°C
Charging environment temperature	0°C to 45°C
IP Rating	Continuous 120A
Weight	450A @5Seconds
Dimension	Max 6S
Parallel Connection (P)	Max 3P
Charge Data	
Charge time with charger 72/200	175min
Opportunity charging with charger	50% of rated capacity after 80min
Application	
Application case	Unicarriers FB30-9

EKT is a product line of EIKTO Tech. FastCharge Australia is the primary distributor of EKT Products in Australia, New Zealand and South Africa.
