

Hyster J2.0UTT 51.2V 450AH Traction Battery System For Hyster E-Truck

FastCharge EKT is a leading industrial lithium battery manufacturer, who produce longer lifetime, safe, fast charging, and lower cost lithium batteries. Which will give customers an eco-friendly and cost-effective choice for reliable material handling equipment.

Technical Specifications

Technical Data	
Rated Capacity	450Ah or 525Ah
Rated voltage of battery	51.2V
Rated voltage of truck	48V
Rated energy content	23040Wh or 26880Wh
Cell chemistry	Lithium Iron Phosphate
Cell temperature range	-20°C to 60°C
Working environment temperature	-20°C to 50°C
Charging environment temperature	0°C to 55°C
IP Rating	IP54
Weight	1040kg
Dimension	830 x 738 x 627 mm
Charge Data	
Charge time with charger 80/200	105min or 120min
Opportunity charging with charger	50% of rated capacity after 50min or 55min
Application	
Application case	Hyster J2.0UTT

EKT is a product line of EIKTO Tech. FastCharge Australia is the primary distributor of EKT Products in Australia, New Zealand and South Africa.
