

## RX60 83.2V 600AH Lithium Battery For Material Handling Equipment

FastCharge EKT's world-class facility and cutting-edge R&D centre ensure all products are carefully developed, manufactured and tested. The RX60 83.2V is an excellent choice for material handling applications.

### Technical Specifications

Technical Data	
Rated Capacity	600Ah
Rated voltage of battery	83.2V
Rated voltage of truck	80V
Rated energy content	49920Wh
Cell chemistry	Lithium Iron Phosphate
Cell temperature range	-20°C to 60°C
Working environment temperature	-20°C to 50°C
Charging environment temperature	0°C to 55°C
IP Rating	IP54
Weight	1300kg
Dimension	1028 x 711 x 784 mm
Charge Data	
Charge time with charger 80/200	140 min
Opportunity charging with charger	50% of rated capacity after 65min
Application	
Application case	Still RX60

EKT is a product line of EIKTO Tech. FastCharge Australia is the primary distributor of EKT Products in Australia, New Zealand and South Africa.
